

Schedule for Spring 2021

Chapters

- Abstract (Not started)
- Context (Short but done or close... may need to add more)
- Overview (Not started)
- Data (Done)
- Methods (In the works, good progress)
- Results (Barely started, needs some revisions)
- Discussion and Conclusion (Not started)
- Code and data appendix (Not started)

Schedule

Below is my tentative schedule for the spring. I hope to complete these tasks before the deadlines I have set for myself, but we will see.

Weeks 1-3

- Check with Kelly about context chapter
- Finish methods chapter
- Check with Kelly about going through my results and verifying all is well/we have everything we need

Weeks 4 +

- Write the results chapter

Weeks 9-11

- Two weeks: write discussion, overview, and abstract.
- One week: appendix
- (End of week 11) April 9th: Full rough draft to Kelly for review and feedback

Spring break

Weeks 12-13

Revisions, revisions

End of week 13 (Fri, Apr 30, 3pm)

Thesis due in registrar's office
